Orchid, landscape and orchard tours

Finca La Romelia

Discover why Colombia is considered the most biodiverse country in birds and orchids.

This country is an example of conservation and protection of the endemic flora and fauna of the region, with one of the largest and most varied private collections in Latin America, which includes approximately 840 different species.

Thermalism

Health & Wellness

The Thermal route in the department of Caldas is made up of six different establishments. Spaces designed for relaxation and enjoyment of warm waters, with unique properties and an invaluable contribution to human health. Each space is unique and special in its own way.

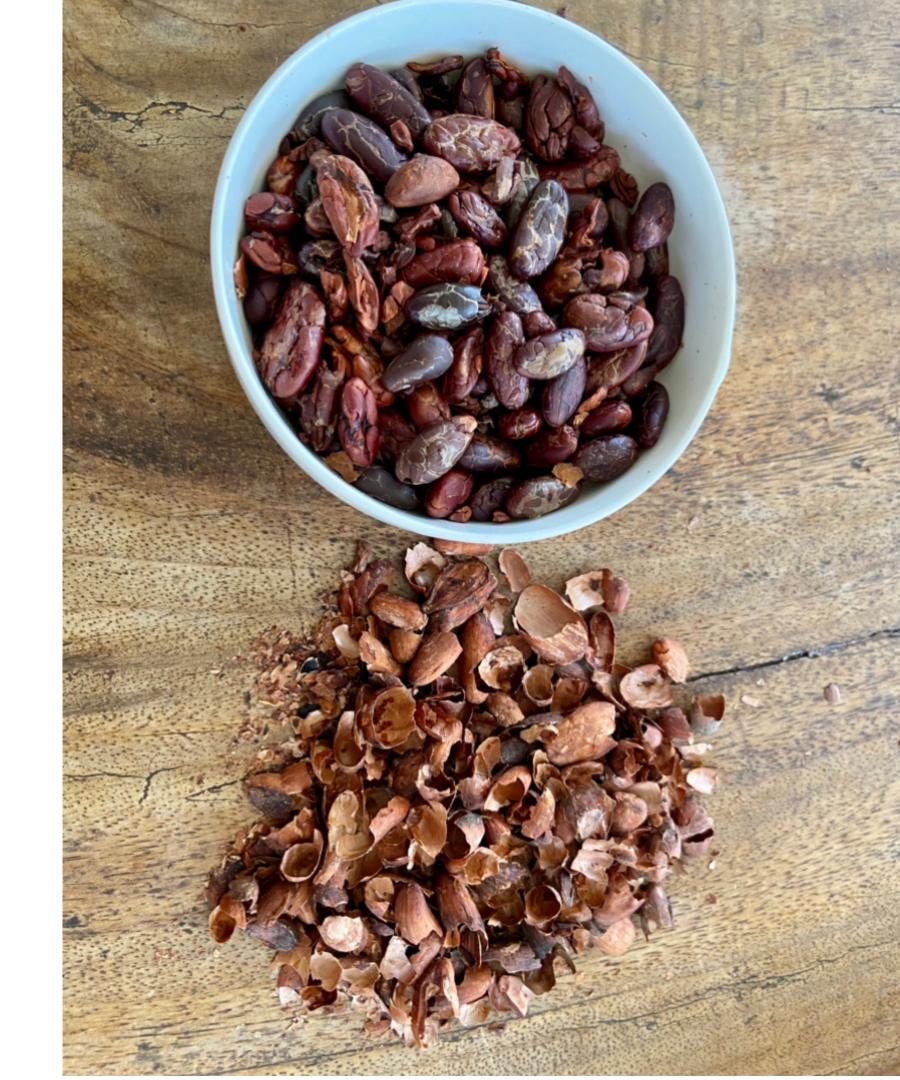

Coffee tour and Chocolate workshop

Hacienda Venecia is located in the coffee heart of Colombia and is known for having a long-standing tradition in the area. As a coffee farm, it likely plays a significant role in the coffee industry of the region. you'll have the chance to immerse yourself in the world of coffee, gaining an intimate understanding of its intricate processes. Additionally, you can partake in an artisan chocolate workshop and/or indulge in a rum experience, all conveniently located in a single destination. A complete and differential proposal that embraces the most representative of our region.

The tour includes:
Guide in English or Spanish
Tour of the coffee crops
Tasting of the mill Coffee
It also offers accommodation in three categories
(Main House-Coffee Lounge - Hostel)

Historic Center

The historic center of the city of Manizales, is a World Heritage Site, the republican architecture that composes it is one of the 16 attributes of the Colombian Coffee Cultural Landscape.

The construction of this city landmark commenced in the late 19th century and extended through the mid-20th century, coinciding with the conclusion of Antioquian colonization and the existence of Gran Caldas. It presents a splendid opportunity for admirers of beauty and refinement to explore.

@VISITMANIZALESOFICIAL

The essence of this tour is to emphasize the historical, traditional, cultural, and heritage significance of 50 notable cultural sites within the city, along with 7 movable treasures like sculptures, murals, and stained glass windows in the cathedral.

To facilitate this, QR codes have been strategically placed on the building facades. These codes serve to furnish participants with immediate access to comprehensive details about each structure, encompassing its history, intriguing anecdotes, architectural attributes, exact location, and vintage photographs.
